Bentley Historical Librar

Title: Lapeer County - 1874

Resalizati Book bound in case-style binding. Cover was of cloth. Finding had been repaired previously. Joints were shaken. Boards were loose. Book was side-sean by hand. Sewing was sound. Paper was acidic and brittle. Pages had Dreviously been laminated with mulberry tissue adhered with Wheat pasts, which obscured the text to some extent. Brands were of solid binder's board.

Treatment: Picked book to pieces. Washed pages in water removing previous lamination. Description. Laminated. Added new endsheets. Rebound it is scrapbook-style binding with a cloth cover.

Materials: Filtered water. Wei T'o deacidification solution. Jade #834-4078 PVA adhesive. PROMATCO heavy-duty susheet paper. Ademoc edea tissue. Davey "Red Label" bluder's board. Pyroxylin-impregnated library buckram. 23K 36ld.

Date work completed: December 1997

Signed: James W. Craven
